Education

Career Accelerator Program
Prepleaf By Masai
November 2023-present

Bachelor of Technology (Civil Engineering)
CVR College of Engineering
August 2017 - July 2021

Intermediate
Narayana Junior College
June 2015 - May 2017

Technical Skills

CSS3   CSS   HTML5

RESTful APIs   MongoDB

Express.js   Node.js   Git

React   Redux   JavaScript

Soft Skills

Problem Solving

Attention to Detail

Adaptability

SAI SATYA PRASANTH CHAMUTURI

Full Stack Web Developer

Professional Summary

Professional Summary: Innovative Full Stack Developer skilled in the MERN stack, proficient in JavaScript, HTML, and CSS, with extensive experience using Generative AI. Excels in dynamic team environments, optimizing development workflows, and learning new technologies swiftly to deliver scalable solutions.

Projects

Multiuser Employee Record Dashboard	Live Demo Link	Github Repo Link

React   Git   Express.js   MongoDB

RESTful APIs

- Implemented a multiuser employee list storage application using MERN stack.
- Designed RESTful APIs with Node.js and Express.js for seamless CRUD operations.
- Integrated MongoDB for efficient database management and optimized queries.
- Ensured smooth interaction between frontend and backend components using React.js.
- Collaborated using Git for version control.

Pharmacy Frontend Project	Live Demo Link	Github Repo Link

JavaScript   React   HTML5   CSS3

- Developed an interactive and responsive pharmacy frontend using React, HTML5, and CSS3.
- Implemented dynamic state management with React hooks for real-time user data updates.
- Integrated the frontend with backend APIs to fetch and display real-time data.
- Created a responsive design to ensure compatibility across various devices.
- Enhanced user experience through efficient navigation and design improvements.
